B. Ramaswamaiya Esqr., B.A.,P.L. .

Revenue Secretary to the Government of
His Highness the Maharaja of Mysore.

Sir,

I have the honor to state that it is proposed to have a Conference of Police Superintendents for about three days in Bangalore. The agenda of subjects to be considered is enclosed. Such Conferences seem to be annual events in other parts; and you will see that one of the subjects is that there should be an annual Conference in the State also.

2. The latest Police Administration Report of the Madras Presidency says that the Conference there was presided over by the Member of Government in Charge of the Police Portfolio. The Conference in the Bombay Presidency was attended by His Excellency the Governor. My idea was to have the Conference on the 21st instant and when I approached the Dewan in the matter he said he would be away on tour. So the Conference has been put off. It might be held on any day that will suit the Councillor to preside and Dewan to attend.

3. This occasion it seems to me might be made use of for the presentation of the Police Medal to Pro Naik Tirumalswamy Naidu of the Special Reserve by His Highness the Maharaja who it is said will spend about a month in Bangalore. A parade of the Provincial Reserve Police will be arranged for.

The rewards in such important cases as the (1) Nanjangud Currency Note Forgery, (2) Theft from Mr. Ananthiah Chetty's House and (3) Burglary by Buriahs, might also be distributed.

I have the honor to be, Sir,
Your most obedient servant,

Inspector General of Police.

special reports at least once a fortnight, showing the progress made or action taken to detect them.

(ii) In every special diary the date of the previous special diary should be mentioned.

(iii) A monthly statement of pending cases for each Investigating Centre (such as the one now in vogue in the Bangalore and Tumkur Districts) should be obtained by the Superintendents and returned to the officers concerned with their remarks. The statement should be in book form, the entries being continued therein from month to month for the whole year.

2. The subject of the formation of a separate Detective Staff at each District head Quarters and the training to be given to them was discussed. The object of maintaining this staff is mainly the collection and dessemination of information on matters referred to in Rule 495 of the Mysore Police Manual, Volume I. It was resolved that as an experimental measure, a Jamedar and six intelligent constables be selected from the District Reserve or the Taluks and utilized as a detective staff under the direct control of the Superintendent of Police for the detection of crime and for collection of information regarding crime and criminals.

3. With reference to the measure to be taken for the filling up of the large number of vacancies among the constabulary one of the important steps suggested was the grant of local allowances in places where owing to high prices living is costly. The following places were considered to require such special treatment.

i. that men of proper size and physique alone should be selected;

ii. that all members of the Reserve should be regularly drilled twice a week.

5. With a view to promote the espirit-de-corps among the force and to encourage proficiency in drill and physical exercises, each District or group of Districts should organize sports annualy. prizes.

Provincial sports should also be occasionally held at Bangalore, at which the men from the several Districts may compete.

7. As regards the future working of the Criminal Tribes Regulation, it was resolved that the preparation of cases against the criminal gangs which have not been dealt with by the special staff should be taken up by the District Police, as, if the work is left entirely to the special staff, it will take a long time to complete; that the special staff may afford

any

any assistance that may be required by the District Police and that the Superintendent of Police, Railways and C.I.D. who is in charge of the work now, will, if necessary, go round the explain to the District Police the nature of the enquiries to be made &c.,

8. The question of the continuance of the Jui Juitsu classes was discussed at length and it was resolved that the class at Bangalore may be retained, the two others at Tumkur and Kolar Gold Fields being discontinued from 1st July 1918.

9. As to revision of Out posts and Ookkads and their establishments, the Superintendents were requested to send up for consideration a revised list in accordance with the personal instructions given to them by the Inspector General of Police at the meeting.

10. The advantages of holding frequent meetings with border Police officers were explained and the desirability of holding such meetings regularly was impressed upon all the officers.

11. Each District Officer was requested to organize a Police Club or Reading Room at the District head Quarters, for the mental and physical recreation of the members of the Force.

It was thought that a Central Club or Police Officers' Association may also be usefully started at Bangalore. The Superintendents of Police, Railways and C.I.D. and the Bangalore District, the Principal, Police Training School and the Assistant to the Inspector General of Police were asked to work out the details and submit proposals in this respect.

12. The subject of revision of rules relating to uniform was referred, for investigation and report, to a Committee consisting of

1. Superintendent of Police, Railways & C.I.D.(convener)

13. It was resolved that Inspectors may be empowered to grant casual leave up to 5 days to constables.

14. It was resolved that the entertainment of Daffedars in Ranges at which there is only a Jamedar at present was very necessary and that the requisite steps should be taken in this respect, the additional cost being met, if necessary, by reducing the number of constables or by the abolition of unnecessary Out-posts.

15. Empowering all the Daffedars to hold inquests generally was considered undesirable and it was resolved that the present practice of obtaining the sanction of the Inspector General, in the case of qualified Daffedars, should continue.

16. It was resolved that Inspectors and Sub Inspectors should be trained in Finger Print Work for about a fortnight in the Finger Print Bureau and that the first batch of officers at 2 Inspectors or Jamedars from each District, may be selected and sent for training on the 15th May 1918.

the

the entries for the next month. The same procedure to be adopted by the Superintendents in respect of the lists of xxxxxxxxx unanswered references received by them from the subordinate offices.

19. Every officer should have the men under him or attached to his station drilled at least twice a week as laid down in the Police Maual. The officer should himself take the men on drill as frequently as possible. For this purpose, it is necessary that all the officers should themselves be well trained in drill. The officers who come to Bangalore to attend the Finger Print class will, if they are not well up in drill, be made to undergo a course of training in drill in the Police Training School or the Provincial Reserve. The rest should undergo training in the District Reserve or come up to Bangalore for a course of training in the Police Training School.

A special drill class should be opened at Bangalore for about a fortnight or a month for the Superintendents, many of whom have not had training in drill.

20. It was considered necessary to have a correct list made of all wandering gangs constantly moving in the State, and for this purpose, it was resolved that a census of them be organized simultaneously in all the Districts. The Superintendent of Police, Railways and C.I.D. was requested to take the needful action in the matter.

21. The present rate of daily batta to constables and Daffedars travelling within their own Districts was considered to be quite inadequate and it was resolved that a recommendation be made to Government for increasing the same to 3 annas for constables and 4 annas for Daffedars.

22. Resolved that an increase in the allotment for contingent charges to stations was necessary to meet the increased rates prevailing for oil and stationery.
